

WOOD REVIVER POWER GEL

Perfect for refreshing and cleaning
greyed wooden surfaces!

6609
Clear

PRODUCT DESCRIPTION

Special cleaning agent with a high viscosity for refreshing and cleaning greyed wood in the outdoor area. The Wood Reviver Power Gel is non-dripping so that – especially on vertical areas - it can easily be applied. Owing to the depth effect of the gel, the patina is being removed and the fresh and warm colour shade of the wood can be renewed by oiling it subsequently.

RECOMMENDED USE

Osmo Wood Reviver Power Gel is especially recommended for wooden deckings, terraces, wooden claddings, garden furniture and similar areas.

INGREDIENTS

Osmo Wood Reviver Power Gel contains bio-degradable oxalic acid (< 5%). The product is free of solvents, formaldehyde, chlorine compounds and amines.

TECHNICAL DATA

Specific gravity: 1.09 g/cm³
Viscosity: >70s DIN EN ISO 2431/3 mm, thixotrope
Odour: Faint/mild, odourless after drying
Flashpoint: Is omitted

STORAGE

Do protect against frost and do not store in locations with higher temperatures (best storage temperature 5-30 °C).

SURFACE PREPARATION

Remove the dirt from the greyed wood with a broom. Afterwards wet the surface with water. Wood Reviver Power Gel is ready to use, do not thin. Before the treatment with the Wood Reviver Power Gel please check the surface (trial application is recommended)!

METHODS OF APPLICATION

Apply the gel in the direction of the wood grain. Wait for approximately 20 minutes, clean with a hard brush and rinse with plenty of water. After approx. 48 hours drying time, protect the now fresh-looking wood permanently with a finish (e.g. Osmo Natural Oil Woodstain, Wood Oils, Country Colour or similar).

COVERAGE

Approx. 10 m² with one coat per litre
The coverage of the product depends significantly on the character of the timber. All information refers to smooth and planed/cut surfaces. Other surfaces may lead to another coverage.

NOTE

Protect metals (e.g. fittings) and plants against direct contact (e.g. cover useful – and ornamental plants with painters film).

CAUTION

Keep out of the reach of children. Avoid contact with eyes and skin. In case of contact with eyes, rinse immediately with plenty of water and turn to a doctor. Wear protective clothing, protective gloves and eye protection/ face protection while using. In case of swallowing seek medical advice immediately and show the container or label.

DISPOSAL

Dispose of product residuals and completely emptied packages according to the local official guidelines (EU-waste code key number 06 01 06). Only fully emptied tins can be recycled.

COLOUR TONE

Nr. 6609 Clear

CAN SIZES

0.5 l; 2.50 l

The above mentioned information is given to the best of our knowledge but without liability.
