Clear

PRODUCT DESCRIPTION

Highly effective, lightly alkaline special cleaner for removing organic and inorganic deposits in indoor areas. Ideal for intensively cleaning oiled and waxed surfaces before the actual surface treatment with Osmo finishes.

RECOMMENDED USE

For use on oiled or waxed wooden surfaces such as flooring, furniture, doors and interior cladding profiles etc. If used correctly the Intensive Cleaner will not attack or damage glass, aluminium, stone, plastic, stainless steel or ceramics etc. Not to be used for daily/regular cleaning.

CONTAINS

Alkaline based intensive cleaner (according to Regulation EC 648/2004 on detergents): < 5 % cationic surfactants, non-ionic surfactants, silicates, chelation agent NTA and excipients, pH-values at 20°C: 10,9 (10g/l).

TECHNICAL DATA

Specific gravity: 1.01-1.03 g/cm³
Odour: faint/mild, after drying odourless
pH value (10g/l): 10.9

STORAGE

2 years and longer if can is tightly closed, store in a dry place.

PREPARATION

Remove dirt with a hand brush from the surface.

DIRECTIONS FOR USE

Apply cleaning solution to the dirty area, loosen dirt deposits and afterwards remove these with clear water. Mixing ratio 1:20 for intensive cleaning prior to reoiling and 1:10 for stripping back Polyx®-Oil surfaces. For machine applications on flooring, we recommend the use of a single disc machine (e.g. Osmo FloorXcenter) with a red pad for intensive cleaning and green pads for stripping. Remove dirt deposits with Osmo Micro-Mop Plush or a lint-free cotton cloth.

After drying, recoat oiled or waxed surfaces with an appropriate Osmo wood finish, e.g. Osmo Polyx®-Oil. Do not to leave it on the floor until dry or any longer than 5-10 minutes to prevent discolorations and other damages.

CLEANING OF TOOLS

With water.

DRYING TIME

Before beginning with surface treatment, allow cleaned surface to dry thoroughly and completely, at least 3-4 hours.

COVERAGE

1 litre covers approx. 320-1050 ft² (30-100 m²) with one coat, depending on the amount of dirt and stains.

NOTES

Surfaces should be finished with the relevant Osmo product (e.g. Osmo Polyx®-Oil). The Osmo Intensive Cleaner must be thinned. Using the cleaner in its undiluted form can lead to discolouration or damage of the surface you are intending to clean.

Wood species which contain high amounts of natural ingredients, such as Oak, will darken on contact with the undiluted product. Please check the compatibility of the diluted cleaner on the surface before use.

Not suitable for daily cleaning and maintenance.

HAZARD STATEMENTS

CAUTION. IRRITANT.

MAY IRRITATE EYES. MAY IRRITATE SKIN. Do not mix with other products. Reacts with acids with evolution of heat. Risk of splashing! Do not get in eyes. Do not get on skin or clothing. Keep out of reach of children. Read label before use. FIRST AID TREATMENT. Contains Disodium metasilicate. If swallowed, call a Poison Control Centre or doctor immediately. Do not induce vomiting. If in eyes, rinse with water for 15 minutes. If on skin, rinse well with water.

DISPOSAL

Completely empty containers can be disposed of normally. Left over material should be disposed of in accordance with local or regional special/hazardous waste rules and/or regulations.
